Customer Reviews

I have enjoyed this cookbook in which many have shared their favorite recipes. So far everything I have tried, my family has liked. There's a bit of everything in this book and it is a fun one.

I bought this cookbook while visiting AK. I love to bake and there are some terrific and easy recipes in here. A cookbook I will use often.

Given the climate of Alaska, and the cost of necessarily imported ingredients, wanted to see what Alaskans typically cook in home kitchens. Use of native foods, berries, greens, etc., is interesting and practical. The recipes used are delicious and easy here in the "outside". Makes me more than

ever eager for our first trip to the largest state.

I bought this book in Alaska for my mother and when I got home I went through the book and decided to get a copy for myself. I bought what I thought was going to be a gently used copy. When it arrived not only was it like brand new it was also autographed by the author. I was very surprised. I have already tried some of the recipes and they are very good.

Probably my favorite cookbook! The recipes are easy to understand and easy to use and help you to provide a little taste of Alaska right at home...including those you can't cook because you don't have moose or caribou.

I have been wanting this book since I came home from Alaska last month. It has some really interesting recipes that I am looking forward to trying. the book was advertised as "used" and shows some signs of wear. But it is for me, so that will not be a problem. The price was right!

Exactly what I expected, having seen this book before. New Condition. Nice product, good seller!

As an Alaskan I tend to be picky....this cookbook is grand! I bought it originally for the Halibut enchilada recipe.....had them in Ketchikan and could not forget them. Yum ! This is now a family favorite cookbook.Wish I could offer more than 5 stars.
