Synopsis

Make Your First Quilt Today! Newly revised and expanded, with nearly 10 pages of new information, this easy, best-selling guide for first-time quilters will have you quilting--and loving it!--in just a few hours. Includes a step-by-step guide to the basics of cutting, sewing, quilting, and binding a quilt, plus three fun and easy quilt patterns with complete photo instructions. Experienced quilter Felicity Walker shows you exactly what to do, with lots of photos, shortcuts, and simple techniques that make quilting easy and fun. It's easy to get started. Choose one of the three easy-to-make quilt patterns and just follow the instructions. Here's what you will find inside the book: * Brief history of quilts and overview of the most popular types of quilts * Overview of quilt fabric, batting, threads, and essential quilting tools and supplies * Step-by-step guide to the basics of cutting, sewing, quilting, and finishing your quilt * Three complete quilt patterns: Quilt-as-you-go table runner, Rail fence lap quilt, and Double four-patch baby quilt * Step-by-step photo instructions for all three quilts A great first quilting book, written by a quilter with more than 20 years of experience. Get Quilts for Beginners now, and you could be finishing your first quilt in just a few hours. Amaze your friends and family members with your beautiful new creation! Scroll up and Look Inside before you buy.

Customer Reviews

I bought this book because I wanted to start quilting and so I could get a basic understanding of the quilting process. This book has been excellent! I did a table runner using the quilt-as-you go method and I just finished my first basic quilt and am now ready to start on another one. The author presents all of the data in an easy to read short book and she includes patterns to try. Overall it is an excellent book to start quilting!

Felicity starts with the basic materials - and thoroughly explains each one of them. She explained WHY I need a 1/4" foot. I like the size of the book, and I knew as soon as I opened it, I had really gotten the quilting book that I had been looking for all along. I am starting a quilt today. This is a GREAT book. It you know ABSOLUTELY NOTHING AT ALL about quilting, but want to learn - THIS is the book for you!

Even thought I have been sewing and quilting for a number of years I read this book to obtain insight on teaching quilting to beginners. I found some helpful tips that I did not know. I think this book is very well written. The steps covered were done so in a logical way. I love the selection of beginner projects at the end. The step by step instructions are clear and complete. Everything you need to know is covered.

I am a beginning quilter and this was just what I needed to get started. The author gives enough detail to teach the basics but does not overwhelm the reader. She does include pictures as examples which I appreciated.

So many craft books assume I have a clue. Felicity's book really makes it possible for me to attempt this craft .

I found this book very informative and easy to follow. Looking forward to giving this a try. Feel very confident after reading this book that even I am capable of completing a quilt. Thanks for the book!

I love the flow of the writing. It feels as if the author is sitting next to me, which is the best way for me to learn. As I read, it all seems possible, and I feel like heading straight to the fabric store. Other instructional writing, I tend to skim over rapidly without absorbing much of the material. I highly recommend this book for beginners. Thank you, Felicity!

I am impressed by the simplicity of the instructions. It is very good for a new beginner and also has some good information for the experienced quilter. I would recommend it to new quilters and to quilters that have limited their experiences to only part of the quilting prossess ok
