Synopsis

The Cross Stitch Design Journal has 160 pages of graph paper with 10 squares to the inch especially useful for laying out your needlework and cross stitch designs. In addition we have included a chart for easy calculation of stitch count to inches. Using this 10 squares to the inch grid makes it easy to glance at a pattern and quickly determine the design size. A bold line every tenth square makes it easy to count by 10's both for width and length. This count helps you convert the design size to different thread counts. A handy conversion table can be found at the back of the notebook. This journal is ideal for all skill levels. This is a perfect journal for your needlework designs and is great for all kinds of cross stitch. It can also be used as a progress journal for all your cross stitch projects.
