Mug Shots, Desserts

Synopsis

Just for one ... but you can share if you want to. These sweets are moist, decadent, delicious and, best of all, ready in minutes. Just mix together a few ingredients, then bake them in the microwave. It's so easy, you can treat yourself any time of the day or night without the hassle (or heat) of big batch baking. And since you're baking just one in a mug, there aren't leftovers tempting you to eat more. Make a personal Pumpkin Coffee Cake in 2 minutes flat or bake one satisfying Snickerdoodle Cookie in 45 seconds. Cure your chocolate craving anytime with Fudge Brownie Bliss or reward yourself with something elegant like Crème Brûlée or Dreamy Cheesecake. These sweet sensations cook up in a snap! If you've got a mug, a microwave, and a few minutes, you'll smile for these Mug Shots.

Customer Reviews

There are lots of great recipes in the Mug Shots Desserts! I've tried various mug brownies and (literal) cupcake recipes online, but thought that was all there was. But there are many clever ideas here, that I would have never thought of on my own. For example, Rice Krispie treats, monkey bread, pineapple upside-down cakes, cheesecake(!), and even creme brulee. Some require you to use the various power settings on your microwave, which I hadn't really used before, I've found that the recipes were really spot-on, and made great treats in just a minute or two. I had some leftover pumpkin in an opened can in the frig, so I tried out the pumpkin pie recipe. I was concerned about how the custardy dessert would cook in the microwave, but it turned out fantastic! There were no hard parts or uncooked parts and I cooked it in a fairly tall and thin mug. I love to eat pumpkin all year round, I'm thrilled to have a super fast and easy pumpkin recipe to make!

Has quite a variety of recipes using a variety of size mugs. I did need to purchase some larger mugs in order to attempt some of the recipes.

Very good book and I received it on time!

Thought the recipes were interesting.
