Customer Reviews

My boys just LOVE these books! They learn history, geography, and are always stoked to make the recipes in the back. Usually, the book is read within 24 hours of receiving it. Anything to get them (and keep them) reading!

We love to travel and we love to eat so this series is perfect for my daughter. It is a good level for

her right now (2nd-3rd grade). We enjoy these books very much. There's always a lesson to be learned and there are a couple of recipes at the back of the book.

I love giada so much that she is my favorite chef. I love giada's books. I even have some of her cook books. I love cooking so this is the perfect book for me to read.

This book is really good because it has humor and adventure

great for kids!
