recipes are good, however, the instructions on the pastries are a bit vague -even for an experienced cook. Regardless this is an recommended purchase for tasty recipes and anyone looking for how to cook simple hungarian recipes in american kitchens. I have seen using these recipes from the time they were only available from mrs. meyers website.

Got this for my dad for his birthday. He absolutely loved it. He was so excited he wrote to her about it and she responded. While I have not been home for the dinners made, my dad tells me they are amazing. Came fast. And was nicely done.

Made a recipe from this cook-book; it came out perfect! The recipe I cooked, (page 60), is Chicken Paprika Stew with Tomato. Received many compliments. So delish! The book is easy to follow and truly has True Authentic Hungarian Recipies as per title! Can't wait to make other meals! I highly recommend this book!

Book has recipes I was looking for since My Mom is no longer here to cook her traditional foods. I found several that were just like my Mom's.

My husband is Hungarian and loves recipes from the "old" country. He has tried several recipes and loves cooking them.
