To make the 'Amazingly Simple Triangle Stars' are truly simply. Barabara Cline's stars are made with templates, and 5 pieces for each section of a star. Detailed instructions are given for easy, basic stars in a quilt. Step by step, more difficult stars are demonstrated in how to sew. There are many variations, including kaleidoscope stars, which are my favorite; made by repeating fabric once in each star point; blocks, stars that span the color wheel; circles behind stars; pinwheels, and much more. At the end of the book, basic quilting instructions are given. I believe making these stars could be kind of time-consuming, but the results are well worth it and there are so many choices to make.<http://www.ctpub.com/amazingly-simple-triangle-stars/>

Can Not wait to get started making some of the quilts , looks hard, but seems easy to put together.. Some of my friends looked at the ook and are going to order one for themselves.

Interesting technique. Haven't tried her method yet, but hope too soon. Instructions clearly written.
