Customer Reviews

So, so good! When we moved away from Detroit, ordering standard dishes that I grew up with were so different, just a few counties away. Ordering something as simple as egg rolls, were not at all what I expected. This book explains the idiosyncrasies of my home town and the recipes send you home again. I love that hard to find ingredients aren't required. It's good old fashioned home cooking, oh so good! Highly recommended

I was compelled to write this review. I am originally from Detroit now living in California. When I came across this book I could not tell you how thrilled I was. This book is a must for all natives who are from Detroit and love food

A must have! I have yet to find a recipe to disappoint. Very well written and easy to read. Love the pictures!

Only way you are getting me back to the D anytime soon is through this book!
