Commemorative Coca-Cola® Bottles: An Unauthorized Guide (Schiffer Book For Collectors)

Synopsis

Commemorative Coca-Cola Bottles are a hot subject on the collectibles market. Most of the modern hobbleskirt commemorative Coca-Cola bottles have been produced since 1991, and the miniatures only since 1993. Because they are so recent and so widely available, many people are beginning to collect them. This is the first price guide ever written on the subject that includes color photographs. More than 1,100 color photographs have been used within eleven chapters, and a brief history of the bottles in the beginning will lead you through page after page of Coca-Cola bottle collecting delight. Every bottle from the 3-inch high miniature bottles to the tall 10-ounce bottles have been covered, following their production year by year. All of the details are here, including price ranges. This book is a must for all dealers, shop owners, and bottle collectors.

Customer Reviews

A great book to help me organize and value my Coke bottle collection. It has already helped with bottles, that I could not find info on.. Great addition to my Coca-Cola library.

This book is helping us sort through a large, but unorganized collection of bottles of coke. It is helping us decide which to keep or sale; also which type of bottles to continue to collect.
