Ultimate Camp Cooking

Customer Reviews

Ultimate Camp Cooking is just the right size to take along with you camping. With eighty recipes, it is comprehensive to get you through many meals -- morning, noon and nightfall. They take care to help you plan everything before leaving. It is well made with heavy gloss paper that is good while cooking in the wild. And I gave that extra star because it is enjoyable to read all the extra material while relaxing after all that cooking over a hot fire. This is a beginner's book. I am an experienced cook but camp cooking is not like cooking at home. It is not even much like cooking in the back yard. These are not recipes that I would normally make at home. But they make just about everybody happy out there. They surprise and surpass all expectations of companion campers. It is well organized up front for planning, right down to packing your cooler. When they call for a dutch oven, which is frequently, they tell you how many briquettes and where to place them. I needed that. It takes the guess work out. Sure they cut some corners, but they make it easy on you while making it good for everybody else. So Pillsbury canned dough is better than lugging everything and adding time and effort from scratch. Unless, of course you do not want to do anything but cook. So buy the shredded mozzarella bags and the Knorr hollandaise. They have nice sauces, soups and dessert. No custom order breakfast, please. But it turns out everybody is joyful with a big helping from the dutch oven even when they are showing you how to use your leftovers, which there never are any. My favorites include bourbon flank steak, tumeric chicken, red wine mushroom sauce and the fresh blueberry cobbler. Go from grub to greatness. One last note.
