About Trivium Test Prep. Trivium Test Prep. is an independent test prep study guide company that produces and prints all of our books right here in the USA. Our dedicated professionals know how people think and learn, and have created our ATI TEAS Version 6 book based on what research has shown to be the fastest, easiest, and most effective way to prepare for the exam. Unlike other study guides that are stamped out in a generic fashion, our TEAS 6 test prep manual is specifically tailored for your exact needs. Our goal here at Trivium Test Prep. is to help you: Study Smarter; We've eliminated the filler; and fluff; you see in a lot of mass-market guides, allowing you to have more effective study time. Score Higher; We exclusively work with tutors, teachers, and field experts to write our books. This ensures you get the tips, takeaways, and test secrets that a one-on-one tutoring experience provides. Unlike a tutoring session, however, our books enable you to prepare for your exam on your own schedule at a fraction of the cost. and Get Accepted! We offer a comprehensive set of guides guaranteed to raise your score for exams from every step of your education; from high school, to college or the military, to graduate school. Let our study guides guide you along the path to the professional career of your dreams!

Customer Reviews

This "ATI TEAS 6 Study Guide: TEAS Review Manual and Practice Test Prep Questions for the ATI TEAS Version 6 (Sixth Edition)" arrived perfectly on time with excellent packaging and no damage to the contents. I am a college student who plans to apply to a nursing program. I have not taken the TEAS Test myself, but using this book to study is how I am going to prepare. So far, I feel that it is extremely helpful compared to the other books I have used out there. Some of the questions are challenging, but that is how it should be. This book is a good study guide for the TEAS test because it has solid information in it. It covers information from basic to hard on all subjects that will be tested on the teas. It has been easy for me to understand the explanations on the different subjects. The practice questions go hand and hand with the information that they explain in the book. This is a good book to have to help refresh your memory on the different subjects that you went over when you took the classes. This book has a nice chunk of information on each subject and it is balanced on each one. It has over 300 questions in it so you can be well prepared. Overall, the book is professionally presented and very straightforward and organized. It also includes tips and tricks that can help save time when solving a problem. Wish me luck!Disclaimer:For the sake of disclosure to those of who are reading, I received this product for free or at a discounted rate in exchange for my honest and unbiased review. My ultimate goal is to highlight features and drawbacks that I would want to know about as a buyer, not to advertise the product for the manufacturer to increase sales. My only hope is to write an insightful review that brings truth to each individual as a consumer of this product, as I will only leave the star value that I feel it is worth.

I have received this product at a discounted price in return for my honest review of my experience with and the quality of the item.Side note, I received this product in a very timely manner and it was

packaged very well so it was not damaged at all when I received it. These books are really great because they include so much information. This book is going to cover everything that you need to know before you sit down for your exam. The best part about the book is all of the practice questions and tests. They go over each answer once you are done so that you are learning from any mistakes you have made as it is thoroughly explained and this also helps to make sure that you are actively learning the information. I definitely recommend this for anyone looking to bump up their score and feel more confident in the information that they need to know before the test comes along. A great resource! Good Luck!! try to provide very helpful reviews to give some insight before purchases, so if you appreciated this review at all, please click the "yes" button for me! Also, I do not get paid for any of my reviews and I am in no way rewarded for giving higher star ratings. My "payment" is a discounted item and that is given before my review so I am not obligated to give a more positive review. My ratings are also based solely on my personal experience and thoughts on the product, high score or low score. Thank you - have a great day!
