# McGraw-Hill Education Preparation For The GRE Test 2017 3rd Edition

## Synopsis

This comprehensive study guide offers the specific strategies and practice students need in order to achieve the scores they want on the GRE. McGraw-Hill Education: Preparation for the GRE Test provides up-to-date information on the format of the section-adaptive GRE, including a review of each section, the types of questions asked, and common tricks and traps found on the test. Written by an educator who achieved a perfect score on the GRE, the book introduces a specific approach for each section of the exam and emphasizes the reasoning and analytical skills necessary to succeed on the test. More than 500,000 students sit for the GRE every year. With this book they will find: 6 full-length sample GRE tests with answer explanations, including on the mobile app A diagnostic test to help test-takers assess their strengths and weaknesses Specific guidance for responding to both Analytical Writing tasks (Analyzing an Issue and Analyzing an Argument) Detailed description of all question types found throughout the Quantitative and Verbal portions of the exam An explanation on the section-adaptive format of the latest GRE The Premium Practice Test App, which allows students to take full practice tests on their tablets and/or smartphones (This new edition contains 20 instructional videos that show students how to solve key problems) Access to the McGraw-Hill Test Planner App – a tool that helps students organize their time and set their own study schedules Answer keys that provide comprehensive explanations and identify and explain common errors

## Customer Reviews

I purchased this book at the recommendation of a friend. It's been years since I've taken a standardized test or done any math, so I needed something that would give me a comprehensive overview of the important math topics on the exam. This book is exactly what I was looking for. I'm halfway through and already feel more confident with GRE math. I particularly like the fact that GRE strategies are interspersed throughout the book, so I'm able to get a sense of how I'll be expected to use what I learn. Definitely recommend!

Although I have not taken the GRE I think this guide is helping me a lot and preparing myself mentally and academically for the day I will take it.

After going over a few books in preparation for the test this seems to be one of the best. It's thorough and intelligently written.
