Great Ideas for drinks and pictures so vivid it makes you want to bust out the blender right then. I only wish there was an electronic version of this so i could have it handy on my phone wherever I go.

It's hot and you need something slushy and cold, alcoholic or not, to drink while you enjoy the sun and long days. You'll find every drink you can possibly imagine in this little book. Great, easy-to-follow, diverse recipes.

Great book ! Beautiful photos. This is one of a series and I believe I have them all. Highly recommended for home and bar use ! Something for everyone

Might be a great book for a well stocked fancy BAR, but for a home bar good luck. Now I ask you, do you have these ingredients handy? 1 oz of "Brut Champagne" , 3/4 oz of "St-Germain Elderflower

Liqueur" used in 1 drink or and "Pear Nectar", "Hendrick's Gin", 1 oz of "Hibiscus Orange Syrup" for another drink? How about 1.5oz of" Lychee Juice", 1 oz " Sake" , 3/4 oz" Zen Green Tea Liqueur" and a stalk of lemongrass.Really??? Do you have Mascarpone Cheese and "Chambord" handy? Here's a good one. I know you have a jar of lingonberry preserves in your and a bottle of Orange Vodka in your bar. Don't we all have a bottle of "Blue Curacao", "Skyy Cherry Vodka" "Cinnamon Infused Leblon Cachaco" and "Navan Vanilla Liqueur".Seriously..... you've got to be kidding me. I wanted a simple, ingredient's on hand or easily obtained at my local store. I'm not about to spend a small fortune opening a bottle of champagne for 1 oz.....or half these specialty liquors and ingredients. RIDICULOUS

Compared to other electronic books I have had this one is not convenient to use for possibly looking up drinks that can be made with what you already have on the shelf. Don't waste your money and search for what you are looking for as you need it.

The recipes in this book are simple and straightforward, with no brand specific recipes or complicated directions. I love the simplicity and am wanting warmer weather to start blending!

Great recipes! Only wish that there were pictures to go along with the recipes. But hey I guess I can try every recipe & take my own pic!

I recently bought myself a \$\$\$ blender (you know the one I'm talking about) and wanted to also use it for frozen cocktails. So far all the ones I've tried have come out really nice. It'll be great for parties -- has some really unique drinks I'd never heard of. Good Kindle book purchase.
