Customer Reviews

This is a wonderful book! The author does a good job of explaining the versatility of the craft and art of rug hooking. What I like about this book is the emphasis on using recycled materials to create works of art. Ms. Stein also covers the history of rag rugs up to modern times. As an artist and craftsperson, I am inspired to experiment and use recycled materials in my artwork as much as I can. Thrift stores are great places to find materials you can use in your projects. Rag rug hooking helps people throughout the world to start cottage industries and prosper as artists. You will be inspired by this book!

Loved it!!!!
